TRUTH IN LENDING DISCLOSURE

Pennsylvania Dental is committed to providing quality dental services at a reasonable cost. It is our policy to collect all account payments at the time of services, and half down on all crowns, bridges, dentures or partial dentures. If this is not possible due to financial constraints, acceptable payment arrangements may be made by contacting our office manager or billing department. All payment arrangements must be made prior to the day of services.

In the event that an account has not closed in 60 days from the date of service, and no financial agreement has been arranged, the individual will receive final notification by letter that payment is due. If no response is received indicating a willingness to pay, the patient's account will be referred to a professional credit agency and the patient released from dental care at our facility.

As a courtesy for those patients with insurance coverage, we will file insurance regularly and in a timely manner. Additional filings for the same procedure may incur a charge of \$15. However, the patient is responsible to understand the specifics of their individual insurance coverage. The insurance contract is between the covered individual and the insurance company. The patient retains ultimate responsibility for financial charges incurred as a result of treatment. Our staff is available for assistance with insurance billing questions during operating hours.

CANCELLATION POLICIES

Cancellations must be made at least 24 hours prior to appointment time. Failure to provide 24 hour cancellation notice may result in a fee according to the procedure and amount of time reserved for you.

CREDIT TERMS

- Payment is expected at time of service unless prior arrangements have been made.
- We expect that the account will be cleared within 60 days. If financial arrangements have been made, the remaining unpaid balance may be subject to a FINANCE CHARGE at the periodic rate of 1.50% per month, which is an ANNUAL PERCENTAGE RATE of 18%. We compute the FINANCE CHARGE by applying the periodic rate to the "adjusted balance" of your account. That balance is determined by taking the balance you owed at the end of the previous billing cycle and subtracting all payments and credits received during the present billing cycle. To avoid a FINANCE CHARGE pay the "new balance" shown on your billing statement before the next billing cycle.
- There will be a \$25 fee for all returned checks.

I have read and I understand the above Truth in Lending Disclosure and I agree to the financial	policies stated therein.
